Program Expenses	1,141,676
Administration	46,018
Fundraising	77,015
Total Expenses	1,264,709

WHW Year in Review

Since 1993, WHW (Women Helping Women/Men2Work) has helped over 50,000 clients get and keep a job. Services provided include employment readiness, resume development and interviewing skills, educational workshops, computer classes, interview appropriate professional apparel, image consulting and transportation services. **All of these services are provided at no cost or obligation to clients or our non-profit partners.**

WHW experienced some amazing growth during 2013-2014. With expanded educational workshops and advanced computer training, this was the very first year in WHW history where we served more clients in our Education Program than in our Apparel Program. Our Resume Development Workshop, where clients work with Resume Coaches to create an effective resume and our Mock Interview Workshop where clients have the opportunity to be video taped as they interview and see just how they present themselves to potential employers are two of our most popular workshops. Advanced computer classes on Microsoft Word, Excel and PowerPoint are at capacity every week and our LinkedIn Workshop which included professional photos was a favorite. One WHW clients sums it up this way, ***"You helped me create a resume, build my skills, prepare for interviewing and build my self-confidence. I wouldn't have this great job today if it weren't for all of you."***
