

75% of WHW Job Seekers are employed within 4 months!

A good job is more than a paycheck. It is essential to creating a stable, safe and educated community.

With a good job families can afford safe housing; they can provide healthy meals for their children; they can have access to quality healthcare, and teens can stay in school to get a good education, rather than dropping out and going to work to help support their families.

A good job is not the solution to every problem in our community, but a good job is a long-term solution to many of them. And WHW is proud to be part of that solution.

2015-2016 WHW Highlights
