U.S. DOT REGULATIONS IMPLEMENTING ADA:

Summary: The Department of Transportation is revising its rules under the Americans with Disabilities Act {ADA} and Section 504 of the Rehabilitation Act of 1973, as amended, specifically to provide that transportation entities are required to make reasonable modifications/accommodations to policies, practices, and procedures to avoid discrimination and ensure their programs are accessible to individuals with disabilities.

Please note: Reasonable accommodation/Reasonable modification have different interpretations under Title I and Title II.

49 CFR §27.7 Discrimination prohibited

..... For the purposes of this section, the term reasonable accommodation shall be interpreted in a manner consistent with the term "reasonable modifications" as set forth in the Americans with Disabilities Act Title II regulations at 28 CFR 35.130(b)(7), and not as it is defined or interpreted for the purposes of employment discrimination under Title I of the ADA {42 U.S.C. 12111-12112} and its implementing regulations at 29 CFR Part 1630.

PURPOSE:

WHW is committed to providing safe, reliable, courteous, accessible, user-friendly services to its customers. To ensure equality and fairness, WHW is committed to making reasonable modifications to its policies, practices, and procedures to avoid discrimination and ensure that WHW's transportation services are accessible to individuals with disabilities. If you require a reasonable modification in order to use our services, please refer to the procedure outlined below.

IMPLEMENTATION:

Reasonable modification applies to ADA Paratransit and Non-ADA Demand Response.

Requesting a Modification

The document below entitled "Will My Request Be Granted?" contains examples of requests that may be made and will be granted, as well as requests that will NOT be granted.

If the modification you are seeking is found on the list under the "YES" column, our Mobility Manager is authorized to grant the request.

If the request for modification is not listed in this document, you can submit your request via email, by written mail or by telephone. The request will be forwarded to the Mobility Manager for evaluation. You will receive a decision and written or emailed response within five (5) business days.

Complaint Process regarding a request that has not been granted

Complaints can be submitted to WHW Program by email, written mail or by telephone. Refer to contact information above.

Reasons a Request for Modification May Be Denied [DOT CFR 47 § 37.169(c)]

- A request may be denied if granting the request would fundamentally alter the nature of the services, programs, or activities offered by WHW.
- A request may be denied if granting the request would create a direct threat to the health or safety of others (including operators and other passengers).
- A request may be denied if, without the requested modification, the individual with a disability is still able to fully use WHW's services, programs, or activities for their intended purpose.

Will My Request Be Granted?

WHW has attempted to list standard requests for modification to policies/procedures/practices that will or will not be granted. Other requests will be evaluated as received (see procedures above).

Getting On and Off the Vehicle & To the Door: Paratransit

WHW currently provides door-to-door service and already accommodates most requests that are covered under the regulations.

YES- A passenger may request a telephone call be made to them five minutes (or another reasonable interval) in advance of arrival of the paratransit bus

NO- A request will not be granted for assistance that results in the operator not having visual contact with the bus or requiring him to leave the vehicle unattended for a period of time.

YES- A passenger may request to board separately from his or her wheelchair when the occupied weight of the device exceeds the design load of the vehicle lift

NO- Under normal conditions, a request will not be granted for the operator to take control of a motorized wheelchair or scooter (someone must travel with individual to take responsibility for the mobility device).

- The operator will take control of a manual wheelchair and ensure it is appropriately loaded and secured.

Exceptions:

- A "courtesy" assist request due to a dead battery to ensure a return trip to home will be granted. It is expected that the issue will be resolved before the individual travels again.
- A motorized wheelchair that has a dead battery will not be transported from home.
- The operator will assist whenever an emergency situation arises on board the vehicle that requires evacuation.

NO- A request will not be granted for the operator to assist with luggage or packages.

NO- A request will not be granted for the operator to lift an individual out of his or her mobility device in order to transfer him or her to a seat (except in case of an emergency on board the vehicle requiring evacuation).

NO- A request will not be granted for "door-through-door" service (assisting the passenger past the main entrance further into the building).
